

Tracking Student Activity of Panopto Videos

Panopto statistics provides faculty with insight as to the viewing behaviors of recordings by students within the course. Statistics include the number of views, number of unique viewers, duration of viewing and identification of individuals who viewed the recordings.

To review statistics for a recording:

Log into your course and click on Panopto Video from the Course menu on the left

Move your mouse over desired recording and select Stats

Search in folder "Training_Course: Trai..." [Create](#)
